Beliefs about Creation

God Creates Adam
Sistine Chapel Ceiling

Exodus 20:11—God says in the ten commandments, “for in six days the Lord made the heavens and the earth, the seas and all that is in them. . .”

I believe in a literal six day supernatural creation. I believe the flood of Genesis was an actual historical event, worldwide in it's extent and effect.

I am a young earth creationist with a passion for the lost.

Stones and Bones, Claws and Jaws

This presentation is subtitled "Fossil Evidence for Creation and the Flood." I use a Power Point presentation to illustrate how the fossil record does not provide evidence for the evolutionary struggle from simple to complex. I show complexity from the beginning with clear evidence of supernatural design. Numerous mass dinosaur graveyards are examined to demonstrate how only a literal world-wide flood could have created the fossil record. A clear Gospel presentation concludes the teaching session. (90 min.)

Ice Age and Mammoths

We examine the reasons why The Flood is the only event that could have produced one Ice Age. Ice cores, the mammoth mystery, and Neanderthals are also briefly discussed. (45 min.)
